## ***GC, BW, NW New Moon Lexington of Shimasu***

**Owner: Debbi Stevenson**  
**Breeder: Georgia Headley**

GC, BW, NW New Moon Lexington of Shimasu (Lexie) is an incredible cat bred by a legendary breeder, Georgia Headley. Lexie was sired by GC Mulan's Teodorico of Shimasu, an import from Italy; her dam is beautiful blue point, CH New Moon Misty Morn.

As with many of Georgia's cats, Lexie continued to improve all throughout her show career. Originally Georgia liked her personality better than her type, although she did concede that Lexie had a lovely head. As she grew older though, her body lengthened and lengthened, her head kept its lovely structure and balance, and Lexie's personality garnered her lots of attention in the show ring. She loved to play on the table, and her favorite judges were those who spent time entertaining her.

While Lexie's win is definitely due to her superior type and playful personality, it wouldn't have been possible without the solid genetic background of her ancestors. Showing any cat for a show season is stressful, but a Siamese female is one of the most difficult. Lexie was always in condition, never ill and came into heat every 5-6 weeks, all of which made this possible. The credit is all Georgia's who is the "breeders' breeder", valuing the breed and the pedigree before anything and putting together the lines that resulted in this wonderful cat, our Best Siamese for 2007-2008.

## *Best Siamese Kitten*

### *GC, RW Thaifong Raisa of Ayuthaya*

**Owner: Virginia Wheeldon & Susan Perkins**  
**Breeder: Virginia Wheeldon**

Racey was the pick kitten in the repeat breeding of GC, RW Thaifong Tiamo of Alexy – last year's highest scoring Siamese kitten. I was delighted that the pick was a lilac girl and she certainly stood out from the beginning with her deep blue eyes and large, low ears.

Although she was initially a chubby kitten, nick-named "Baby Phat", she started to lengthen at about three months of age. I wanted a worthy name for her and considered "Reason To Believe", but feared it might be too big to live up to. In the end I registered her as Raisa (pronounced the Russian way – Rah-Ee-Suh). This allowed me to add co-owner Susan Perkin's cattery name as a suffix.

Racey was out early in the season when kitten counts were low and points were scarce. We took the shows one at a time, hoping for the best win possible. She had a glorious run and only missed a national kitten win by 30 points. Highlights of her show career were best across the board at one of her first kitten shows in June and, of course, National Capital, where she ended up third best Allbreed kitten (highest scoring kitten on Saturday).

Racey was a one show grand at the National Siamese Cat Club show in October. We then showed her for a brief time to secure a regional win in championship before retiring her.

# *Best Siamese Premiership*

## ***GP, NW CherMa'Ki's Ariel***

**Owner: Cheryl Matteo-Kerney**  
**Breeder: Cheryl Matteo-Kerney & Darren Kerney**

Ariel aka "Crash", named by our son Noah, was one of five lovely kittens born to CherMa'Ki's Tinkerbelle and GC, RW CherMa'Ki's Michelangelo, 2nd Best Siamese and Best Blue Point in 04-05. Ariel is named for Archangel Ariel, meaning "Lion of God", known for healing and new beginnings---ringing true as we achieve our first National Win.

Ariel's career began as a companion for his exquisite seal point sister, GC, RW CherMa'Ki's Princess, 3rd Best Siamese, CFA's 26th Best Cat and the SR's 6th Best Cat. He quickly proved that he had "show charisma". In his 1st show, Siamese Alliance in May, Ariel not only became a one show GP, but was "Best Siamese in Show" by Judge Diana Doernberg, winning over this season's top Siamese in all classes...a thrilling career was born. Ariel stayed in the top 25 all year. Judges commented on his long muscular body, refined boning, contrasted point and coat color, silky painted on coat, extreme head type, large low ears and deep violet eye color. One judge asked if he was related to an historic Siamese who created a break through breed look. Ariel, a delight to show, reveled in the entire show experience, at ease on the show table, in the car and a total hoot in the hotel, loving to order in his salmon or chicken dinner.

We express deep gratitude to the judges, family and friends who supported Ariel and his humans all year. This is a year "two" remember forever!!!

those of us who were her friends), a stunning blue point with style, show presence and femininity to spare. After losing both Spider and Missy to breast cancer, Carolyn discontinued breeding Siamese but never lost her love of the breed. Carolyn's loss was a sad day for the cat fancy and the Siamese breed. This award is given in her name to honor Carolyn's love of the blue point Siamese.

### ***The Harriet Little Awards***

**Presented to the Best Chocolate Point Siamese  
& the Best Lilac Point Siamese in Championship  
Awards sponsored by Nick and Deb Spencer  
This Year's Recipients:  
GC, RW Davisiam Cappuccino of AcatamiAward  
and GC, RW Thaifong Raisa of Ayuthaya**

Harriett Little, Lilliput Cattery, was a well-respected Siamese breeder for 36 years before retiring and in 2001 lost her battle with cancer. Harriett was the first Siamese Breed Council Secretary to be elected by the Breed Council and was the first recipient of the Lifetime Achievement Award in 1996. The Harriett Little Award is to honor Harriett's contribution and commitment to the Siamese Breed. Nick and Deb Spencer give the award in her memory to the Best Chocolate Point and Best Lilac Point Nationally each year, the colors that Harriett loved.

### ***The Wascally Award***

**Presented to the Best Seal Point in Premiership  
Award sponsored by Bruce & Dianne Alexy  
This Year's Recipient:  
GP, RW Davisiam Dude**

GP, NW Jim-An-Di Wascally Wabbit of Michou, with his perfectly clear, light body color that held all through his show career and his almost black point color, taught me about great seal color. In his finals, over and over again Judges said of him, "... and not a mark on him." The Wascally Award is given to inspire Siamese breeders to constantly work on the exquisite color that is so important and usually

elegant refinement and beautiful boning. It was such a thrill to have so many spectators as well as fellow breeders and judges go way out of their way to tell me they thought he was wonderful. Beyond his good looks, he possessed a personality and presence that attracted many, many fans. He adored our trips together and preferred to lay sprawled across my lap during the middle-of-the-night drives all over the eastern US. Wascally was always ready to be on stage. I could never ask for a more devoted friend. It is our hope that each Siamese breeder has at least one cat that is as much a thrill to show as Wascally. Thank you little buddy. We are proud to honor your memory with this award.

## ***The GC, NW New Moon Eclipse of Rogers Hts, DM Award***

**Presented to the Best Seal Point Siamese in Championship,  
Award sponsored by Georgia Headley**

**This Year's Recipient:**

**GC, BW, NW New Moon Lexington of Shimasu**

"Clipper", a seal point male, was born in 1970. He holds the record for siring the most Siamese grands - 36 grands, 35 in championship and one in premiership. Clipper was 5th Best cat in the 1971-1972 show season.

## ***The Carolyn Bullotta Memorial Award***

**Presented to the Best Blue Point Siamese in Championship**

**Award sponsored by Debbi Stevenson**

**This Year's Recipient:**

**GC, RW Shera Len Ariel**

Carolyn Bullotta, an Allbreed Judge who passed on in 2003, was best known for her incredible Burmese but began her career in the cat fancy by breeding superior Siamese.

Carolyn's first grand, GC, RW Windflower's Ateles (Spider) was the best lilac point and 17th best cat in the Great Lakes region in the 1979-80 show season. Ateles was a wonderful male, very long and surprisingly refined for his time, with clear, correct color. The following year Carolyn showed another cat of her breeding to her first national win. This was GC, NW Windflower's Atermis (or Missy to

Mary was CFA's 8th Best Kitten and 17th Best Cat in the 1982-1983 show season.

Born May 8th, 1982, Mary, a seal point, arrived in the third breeding of CH Alasmar Drusus of Sanlino, a United Kingdom seal point male import from the world famous Killdown lines, and GC Sanlino Tortora, a seal point female who was 7th Best Cat in the Southern Region in 1981. Tortora herself was out of GC, NW Thaibok Tyrone, a seal point male who was 3rd Best Cat in 1976, CH Thaibok's Tesoro of Sanlino, a seal point female who was a daughter of GC, NW Thaibok Teriyaki, DM, CFA's Best Cat in 1976.

Loving, beautiful, sweet and the ultimate show cat, Mary is fondly remembered with deep love. Bred by Bob Molino and Joe Sanches, and shown by Bob and Richard Loving, a dear friend who has left us much too early but is remembered with great affection admiration and appreciation.

### ***The GP, NW Jim-An-Di Wascally Wabbit Award***

**Presented to the Best Siamese in Premiership**

**Award sponsored by Dianne & Bruce Alexy**

**This Year's Recipient:**

**GP, NW CherMa'Ki's Ariel**

GP, RW Jim-An-Di Wascally Wabbit of Michou, who was best known and loved as Wascally, was born September 1996. His sire was Klinekatz Blue Chip of Alexy, DM and his dam was CH Jim-An-Di Carmen Miranda. Wascally's pedigree included the wonderful GC, NW Thaibok Teriyaki, GC, NW New Moon Eclipse Of Rogers Hts, DM, and GC, RW Windflower Ateles among other beautiful Siamese of note. His kitten career took him to 2nd Best Siamese Kitten in the 1996-97 show season. He became a one show grand in May 1997, Best Siamese in Premiership at the International show in 1997, CFA's 14th Best Cat in Premiership and 5th Best Cat in Premiership in the Southern Region in the 1997-1998 show season.

It was a magical year for us. Wascally adored the shows and he never met a person he didn't like. His fans loved to see him get a Pringle before each ring. I always thought Pringles should have used Wascally in an ad campaign! He was sweet and loving with strangers who approached us to see their "dream cat" up close. Wascally was a classically beautiful Siamese with his almost black point color, huge low ears set perfectly in his wedge, "painted on coat" with color that was absolutely clear and light on his long body. His look was set off by his

## ***The GC, NW Thaibok Teriyaki, DM Award***

**Presented to the Best Siamese in Championship**

**Award sponsored by Ed & Donna Davis**

**This Year's Recipient:**

**GC, BW, NW New Moon Lexington of Shimasu**

GC, NW Thaibok Teriyaki, DM, a seal point Siamese male, was CFA's 1976 Cat of the Year and became the first of the eight shorthair COTYs to DM. Just as Teriyaki ("Teri") began the 1975-1976 show season, Ed and Donna Davis had another cat they were very taken with, GC, NW Thaibok Tyrone. Both Teri and "Tyrone" took off in the show ring, so it became a season of Ed going in one direction with Tyrone, and Donna going in another with Teri. Although it was not Donna's intention to show him all year, just until he got dark, Teri started his show season going Best Cat across the board in Indianapolis and finished in Omaha the same way as a two-year-old, almost as light as when he started. Teri was always the family pet and lived in their oldest son's room, surrounded by adoring children. He rolled on Donna's lap during flights and walked on a harness at the motels.

Teri is perhaps best known for putting ears on the Siamese, but his contribution to the Siamese breed is immeasurable; he is behind many of today's Siamese.

## ***The GC, NW Sanlino Mary Queen of Scots Award***

**Presented to the Best Siamese Kitten**

**Award sponsored by Bob Molino**

**This Year's Recipient:**

**GC, RW Thaifong Raisa of Ayuthaya**

Mary was the first Siamese to achieve a National Win both as a kitten and an adult in the same show season, a rare accomplishment for any breed and repeated by only one other Siamese to date. She was shown a total of 25 times during the season, 7 as a kitten and 18 as an adult and is still remembered by many as one of the finest Siamese ever bred.
